Lake County Partners

Location. Collaboration. Opportunity.

Lake County Partners is the go-to organization for economic development in Lake County, dedicated to supporting businesses and creating new wealth in our area. As part of that commitment, we bring you guest speaker Tom Murphy, manufacturing industry expert.

Guest Speaker

Tom Murphy, Executive VP, RSM McGladrey

You'll receive an exclusive update on the state of the manufacturing industry, including top growth strategies, high-performing industry sectors and a progress report on the stimulus's impact on jobs, capital investment and construction.

RSM McGladrey is one of the largest accounting firms in the U.S., and Tom Murphy oversees its largest industry practice—manufacturing and wholesale distribution. Mr. Murphy has more than 25 years of experience working for manufacturing and distribution companies. He serves as a Board Director of the National Association of

Manufacturers and is an advocate for the needs of small- and medium-size manufacturers in Washington, D.C.

At RSM McGladrey, Mr. Murphy directs the company's manufacturing and wholesale distribution national survey, which receives nearly 1,000 responses yearly from U.S. industry executives regarding the status

of and challenges facing the industry, as well as best practices for competing in the global economy. RSM McGladrey's industry survey reports have received wide press coverage and attracted the attention of industry and governmental leaders, including the U.S. Department of Commerce, the White House, Congress and other major policy centers.
