Lake County, Illinois Has Your Space

Rosalind Franklin University of Medicine and Science Innovation & Research Park

This state-of-the-art facility has move-in-ready wet lab space at the heart of Chicagoland's biotech hub, to support start-ups, early stage companies and international companies looking for a "soft landing" in the Midwest's largest life science market.

Innovation Park Lake County

This cutting-edge campus is home to high-profile growing life science and technology leaders—including Novartis Gene Therapy, Medline, Valent Biosciences, EVBox and Intermatic.

Shovel-Ready Sites

Lake County is home to flexible and rapidly growing developments including Bridge Point North in Waukegan, the Antioch Business Park, and Cornerstone in Grayslake. These spaces can be customized to fit companies' needs.
